

My Summary

My name is Mohamed Abdelmonem, and I specialize in Python and Django development. I have completed various courses across different platforms such as ITI, LinkedIn, Udacity, and Code4Learn. The ITI course lasted for 60 hours, While the Code4Learn program spanned over 1 academic year and 3 months of training.

Additionally, I completed a 10-hour course on Udacity and a 3-hour course on LinkedIn.

Currently, I am a 21-year-old student seeking part-time employment with an anticipated salary of 5,000 Egyptian pounds. I am available to work from 8:00 AM to 12:00 PM. You can find more about my work on my GitHub account: [Mohamed00Abdelmonem](#), For further details, you can refer to my CV: [CV](#).

Thanks for reading,

A handwritten signature in black ink that reads "Mohamed Abdelmonem". The signature is written in a cursive, flowing style.
